CENTRAL ONTARIO

The Central Ontario Bowlers Association hopes that competition in Hamilton this weekend will be hot and heavy and certainly is glad to be a part of this action. We believe that close games are exciting for both bowler and bowling fans. So to all zones the best of luck and good bowling. By the way, now that bowling is a recognized sport do you think our bowling houses will be regarded as sporting houses?

In Central Ontario the co-operation from all executive (Pat Jepson is special) and our members in de-centralized houses has been just great. Thank you to Carling O'Keefe Breweries for many years of sponsorship and we hope many more.

- ONTARIO WINTER GAMES -

Empire Bowl,
North Bay, Ontario.

February 11 - 14th, 1977

If you were in attendance at the Ontario Winter Games, you will recall the athletes oath, delivered on your behalf at the opening ceremonies, that stressed that keen competition and sportsmanship are the most important part of these games and that winning or losing is secondary - This statement began each section of the bowling competition at the highly successful Ontario Winter Games.

Playing under ideal conditions at Empire Bowl, the bowlers were tested to their utmost by the slick lanes. However, true champions prevailed, in the adult section, gold medals were from Hamilton in the man's team, Niagara in the ladies section and Scarborough in the mixed team group.

Listed below are the Gold, Silver and Bronze Medal winning in each category.
