

Welcome back to another exciting season of five pin bowling in Central Ontario!

We have some changes to our board of directors this year, with some new members joining our team. We would like to thank Wade Thompson for his 10 years of service on the board. He has decided to step back as a board member but will continue to be a valuable resource to our zone. Lori Beesack will step into the role of Treasurer. We also welcome our newest members, James Montague and Stevan Stefanov, and a returning board member, Pam Wiebe.

This season we will be focusing on bringing back our members that may have stayed away during the pandemic. Our hope is to revive our league base and increase participation in the tournaments.

We are also looking to introduce some new events in our zone, as well as a focus on increasing our volunteer base. We survive on the efforts of our volunteers, and always appreciate the input from as many as possible.

Our proprietors are doing a phenomenal job promoting their businesses and giving our members a place to participate in this great sport. We encourage everyone to spread the word that bowling is back and is a safe activity for family and friends.

We are once again offering our zone awards program to all registered members. We are planning out our zone tournament and events, and hope that everything will go as scheduled.

Please watch our Facebook page, our monthly newsletter and our website to get all of the latest information.

Looking forward to seeing everyone on the lanes!

Bob Beaucage

President
